Sometimes Love Needs Time to Grow!

This has been very true for the show 'LOVE! LOVE? LOVE...' that Top of the Torrens Theatre Group started developing at the beginning of 2020. COVID delayed the show twice, but now, finally, we are ready to dish this beauty up to

you! Some of our original cast had to withdraw from the show, but others came along and filled the gap with their own special talents.

Since the dawn of time and all through the ages, love has been the deepest need and the

universal language to unite us and sometimes divide us, resulting in a plethora of songs, poems, plays, movies and even wars that have been dedicated to love. The sheer volume of works available made the process of choosing the right con-

tent for the show more difficult than it appears!

For this Variety type production, we settled on a great selection of songs, skits and jokes on the theme of looking for love, losing love, and finding love, all presented by a well-practised bunch of enthusiastic cast of all ages. Audiences might just feel the need to sing along! We hope many will join us in this light-hearted rollercoaster ride about love for everybody.

Top of the Torrens Theatre Group shows are family friendly and enjoyed by people of all ages, seated around tables, enjoying BYO drinks and nibbles (which are allowed at your own table groups) or the generously priced snacks available for sale.

Book early for front seats at this not-to-be-missed community event - All you need is love!

Performances will be held at 7.30pm on Saturday 22nd, Friday 28th and Saturday 29th of May; and at 2pm on Sunday 23rd and 30th of May 2021 at the Mount Pleasant Soldiers Memorial Hall, 61 Melrose Street, Mount Pleasant.

Bookings at www.trybooking.com or by phoning 0435 403 364.

UNCOMFORTABLE SITUATIONS - no one likes them! Being an onlooker in an uncomfortable situation is bad enough. To be the main target in an uncomfortable situation can scar you for life.

There was once a woman caught by the religious leaders of the day in the very act of sex with someone who was not her husband. It would have been bad enough to be caught by friends, or the spouse, but to be caught by the judgmental, legalistic religious leaders of the day was unthinkable.

According to their law the penalty for such an act was death by stoning - publicly.

They deliberately sought her out to make a public spectacle of her hoping to trap Jesus into breaking the law. Knowing that Jesus was a man of great compassion they intended to put Him in the uncomfortable situation of being

the one to judge her.

Their aim was that Jesus would break the law by refusing to sentence her to death, giving them something to accuse Him of before their courts.

Dragging the woman through the streets, they brought her to Jesus and vehemently accused her and asked Jesus what He thought should happen next. Uncomfortable, much?

So, what did Jesus do? Not what you might expect! He crouched down on the road and began writing in the dirt.

The leaders were perplexed, and the wind was taken out of their sails when Jesus said to them:

“If any one of you is without sin, let him be the first to throw a stone at her.” John 8:7

Then He went back to writing in the dirt.

I love how He diffused the situation.

One by one the haughty religious leaders backed away and went home.

Finally, it was just Jesus and the woman.

Jesus stood up and asked her, “Where are they? Has no one condemned you?” “No one, sir,” she said.

“Then neither do I condemn you,” Jesus declared. “Go now and leave your life of sin.” John 8:10-11

Such compassion, such mercy, such love.

Do you ever wonder what Jesus was writing in the dirt? The Bible doesn't say, but I like to think He was writing one word.

A word that would change the woman's life forever. A word that would have left the religious leaders speechless.

A word that we need to hear every moment of our lives.

FORGIVEN You matter to Him.

CLOSED CHRISTMAS DAY

'Observations and Interactions'

The latest exhibition at the Top of The Torrens Gallery at Birdwood is a collaborative affair featuring the works of emerging Birdwood ceramics artist Simone Linder-Patton and paintings by Barossa artist and Julie Fleming.

Working in a range of clay bodies, Simone uses alternate techniques including Raku Clay Pit Firing, to explore the confluence of the elements on her hand-built pieces. Simone says that pit firing has personal and historical resonances which introduce uncertainty, creating unique visual and tactile surface nuances and describes her current work as evolving from searching for place and the placement of objects within a defined landscape.

Julie Fleming has been making fine millinery since 1989. Working at a couture level she has nurtured her hand making over three decades, a re-location from Melbourne to a Barossa tree change has

Pencil Pines Frosty Morning by Julie Fleming.

Raku Pit Fired Sculpture by Simone Linder-Patton

enabled a return to her early love of painting which she features in this exhibition. Working currently in

acrylic, Julie paints from her own images, incorporating her new environment and observing and rendering details from her imagination.

The celebration of World Art Day, which was proclaimed at the 40th session of the United Nations Educational, Scientific and Cultural Organisations [UNESCO] General Conference in 2019, falls within this exhibition on April 15th.

On its official website, UNESCO describes World

Art Day thus: "Art nurtures creativity, innovation and cultural diversity for all peoples across the globe and plays an important role in sharing knowledge and encouraging curiosity and dialogue.

These are qualities that art has always had, and will always have if we continue to support environments where artists and artistic freedom are promoted and protected.

In this way, furthering the development of art also furthers our means to achieve a free and peaceful world."

Top of the Torrens Community Art Gallery is proud to play its part in offering artists such an environment.

The exhibition is on view now and concludes on 30th May at Top of the Torrens Gallery & Gift Shop, 9 Shannon Street, Birdwood - OPEN 11am to 4pm Wednesday to Sunday.

There is clearly a heightened demand for properties in our area. People are looking for space and a sense of community.
In fact, approx. 40% of properties I have sold in the last 12 months have been sold without any marketing costs.
Ask for your free property appraisal. I will provide you with an appraisal based on a genuine understanding of local market pricing and conditions.

INWOOD REAL ESTATE— RESPECT, RELIABILITY, RESULTS

DO YOUR REAL ESTATE HOMEWORK EARLY

Most people don't take the time to plan well enough when they sell. Often, the decision is made because circumstances change and opportunities arise from out of left field.

Opportunities, such as the state of the real estate market right now, don't come up often. The value of your property today is unlikely to be the same in six or twelve months; it may go up or it could come down.

For every surge in the market there is eventually a fall (remember the curve created by the Global Financial Crisis?). Whilst prices are currently strong and continue to grow, it can only be guessed for how long. This is why we recommend you do your homework now!

CE Property Group can help you with things to look out for, cost saving top tips and questions to ask any agent you speak to. We can help you get the very best price when the time does come for you to move on. **Simply call our team on 0488 972 888 to arrange a confidential, no obligation discussion.**

CHANGE THROUGH TIME

The Mount Torrens and District Community Association are participating in the 2021 SA History Festival with an exhibition called 'Change Through Time.'

This exhibition will be held in the Coach House, in the main street of the State

Heritage listed town of Mount Torrens.

The main purpose of the MTDCA is to encourage the preservation of the town heritage buildings and sites and to collect and preserve archival and heritage items.

In 2018 a special purpose archiving building was erected behind the Coach House where the many photos, documents

and books are stored.

In May, we will be open every weekend from 10.30am to 2.30pm.

So take a stroll down memory lane!

Come and see an old fashion store, our vast photographic display and our video presentation.

We need your help to identify people and vehicles.

And maybe you can add to the stories in our archive.

Please join us to celebrate our unique history - you never know what you will discover!

Gumeracha, Forreton & Kenton Valley

You are invited to join us for our next meeting on **Monday, 3rd May** at **7.30 pm** in the Police Station, Albert Street, Gumeracha.

Cudlee Creek / Kersbrook

Auxiliary

Our group is small and made up of 8 dedicated ladies who range in age from 59 to 96. Each year we raise money by having a luncheon high tea on the first Monday in May which includes raffles and trading table and a Christmas Raffle which is drawn in December.

In December at our Christmas luncheon we said goodbye to Elaine Harvey who has dedicated 50 years to raising funds for the Women's and Children's Hospital. Elaine was presented with her 50 year badge and a beautiful posy made by Betty Rehn, the patron. Elaine and her husband Ross have made many donations from the sale of wood from their timber mill. Elaine served as the treasurer for many years and always baked and made pumpkin soup for our luncheon high tea.

Pictured left to right are Betty Rehn, Elaine Harvey and Jill Kaesler.

The Harvey's live in Cudlee Creek and were badly affected by the recent fires and are still coping without a land line, broken fences etc. We are sorry to see them go but

totally understand why Elaine needs to step down and we wish them the very best for the coming years!

We are always looking for new members and you would

be warmly welcomed and your help greatly appreciated.

Now is the perfect time to contact Ali Roberts from Roofdog on 0467 165 042.

Typically from his extensive experience, home owners become concerned with leaking tiled and galvanised roofing, faulty guttering (which sometimes need replacing) blocked gutters and down pipes as winter progresses.

It is best to deal with these problems promptly. Ceilings and fascia boards can rot quickly over time. Cracks can appear in brickwork almost overnight as damp buildup can rise in soil above damp course.

Ali also specialises in solar panel cleaning (for efficiency), lawn mowing, hedge trimming and debris removal. General maintenance is recommended and free quotes are available promptly.
